

The rolling sessions are held at my lake house on the south shore of Spring Lake. Spring Lake is situated in Scott County and is the lake next to (southwest of) Prior Lake.

The house is reached from County Road thirteen(13), look for Vergus Avenue and turn north (towards the lake) onto this side street.

If you are traveling along I-35 (W or E) take 185st West towards Prior Lake then head south (left) on 13 once you reach Prior lake, Vergus Ave will be a 3.4 miles on your right.

If coming from the on 169 towards Shakopee then take the County Road 17 south until you get to 13 then turn East (left), Vergus Ave will be about a mile on your left.

The address is 1980 Lake View Drive, Jordan, MN. Lake View drive parallels the water, is the Second left turn off Vergus Ave. You will find the house/ on the lake side (north) of Lake View Drive; it is a small grey single story (rancher/bungalow). Parking on the road may get busy so there are two parking lots within 100 yards of the house. One is situated at the boat ramp and one is 100 feet south of the boat ramp at the corner of Spring Lake Circle.

When you arrive drop your boat off on the grass at the front of the house with your gear and then park your vehicle. On the Left of the house the grass continues to the beach come on back, don't bother knocking on the door, we will all be on the beach. The kayak racks on the cars should be a good sign you are in the right place.

If you get lost or are running late call me on [952-428-9141](tel:952-428-9141) or send me a text.

NOTE: The police do not allow trailers to be parked in the road (this stops the fishermen taking over the neighborhood every weekend) so please if you bring one make sure you park in the lot.

I am looking forward to seeing you.
